

For versatility

The Haura offers an original concept: the half directional twintip, for extreme versatility. It has a set of inserts allowing 3 different positions: twintip, goofy and regular. The back feet can be offset to the tail, and its angle can be changed to 0° for wave riding. The fins can be used in 3+1 option: 3 fins on the back and one in the front. This board comes in one size: 135*38.5 It's perfect for wave riding, cruising and light winds.

Technology : woodcore
Length : 135cm
Width : 38.5cm
Weight : 2.3kg
Fins : 4*1"75
