2008 Slingshot Glide... award winning light wind performance.

Overview

The Slingshot Glide in its third year continues to dominate the light wind performance category. Proven lightwind design and technology makes the Glide the perfect compliment to any riders board quiver. This lightwind twin tip board with flat rocker and parallel lines creates minimum drag for maximum upwind efficiency. The Glide paired with the right kite is the difference between having fun on the water or standing on the beach.

Key Highlights

- Ideal for flat water light wind conditions
- Twin tip: made to be ridden both ways
- X-ply fiberglass layer: delivers a strong and controlled flex
- PVC foam core: best strength to weight ratio
- Duraglide base: added durability
- Slingshot Legendary Construction: bomber quality
- Lifetime Rider Hotline Support membership
