

# JN DaVinci Bat 12m<sup>2</sup> SLE

May 2009, JN offers the updated DaVinci 12 Bat SLE!

As a limited edition, the DV 12m<sup>2</sup> now comes with an intelligent bridle setup to expand the kite's windrange.

The bridle's aim is to enhance the kite's depower and it's flying dynamic and thereby the lowend characteristics too.

Additionally, it's now possible to fly the kite without 5th line to release at one backline.

- Expanded windrange
- Dynamic flying character
- Less bar pressure
- Direct and instant steering
- 4 and 5 line suitable
- Better relaunch
- Incredible lowend performance
- Extended hangtime
