

press release

strike series

The strike series is a high quality and extremely robust wetsuit line with a progressive look and style!

For the outside materials a lot of double lined jersey for better flex and abrasion resistance in the extremity is used.

For inside materials lots of Cyber_Stretch is used to guarantee perfect flex in the upper body.

Lots of HotStuff for excellent comfort and best heat retention.

TatexProtectors in the knee and Crash_Padz placed in the ribs and shinbones area protect the rider and the material
